

The Head O'Bay home was built in 2005 with all of the features and amenities that will make your stay truly memorable. Decorated in an island style motif and with breathtaking views of the ocean, you'll relax the minute you walk through the door. The features include:

- Two king size bedrooms with two adjoining bathrooms
- Central air conditioning
- Queen studio couch
- Large full front porch
- New electrical appliances including dishwasher, refrigerator, washer and dryer
- Well equipped kitchen
- Barbeque grill for cooking out
- TV with satellite service
- DVD or VCR (bring your own movies or rent one from the Village Square)
- Daily maid services available
- No phones but you can rent cell phones from Village Square
- Annual inspection by the Cayman Islands Department of Tourism to ensure the quality and service you expect on your vacation. To view our inspection report click [here](#).
- [Download](#) our information packet with details of the house and the island

Fun Activities During Your Stay

Relax in hammocks or take a ride on one of the bikes located on the property. Enjoy a cool dip in the pool located in front of the small pink cottage adjacent to the house. You can also hop in the boat and take a quick ride over to Owen's Island where there is a lovely sandy beach. It's only 200 yds away so you can even swim or snorkel over and back.

For the fisherman or woman, there is access to the dock directly adjacent to the property. Here you can try your hand at catching small snapper or the occasional jack. Guided bonefish and permit fishing is available through the adjoining Little Cayman Fishing Club. If you would like to try some deep sea fishing for such fish as marlin, sailfish, wahoo, dolphin or tuna, then charter fishing aboard the 37' Hatteras "Donna Lorraine" can be arranged. A small outboard motorboat, great for forays along the

interior reef or over to Owen Island comes with the property.
boat is available for inside the reef sailing.

A Hobie Cat sail

Snorkelling or diving from shore are perfect ways to pass the time. There is much beautiful coral (Don't touch!) and abundant sea life in the shallow waters inside the reef. For scuba divers, "the wall" is only about 100 yards offshore in places.

If you prefer to dive from a boat then try a dive in Bloody Bay Marine Park. Arrangements can be made with any of several experienced dive masters on the island.

Why Stay In A Private Home Instead

Of A Hotel?

- **Space** provided by a 2 bedroom home
- **Privacy** located on your very own stretch of beach
- **Comfort and convenience** of home - stock up the fridge with your favorites! We'll even stock it for you if you give us a grocery list 2 weeks before your visit.
- **Kitchen and laundry** facilities - save money with an occasional dinner in. No need to pack all of your clothes - you can wash them here.
- **Gather together** with the family and friends in the living room or kitchen - after all you must like them well enough to go on vacation together!
- And all of the above for the **fraction of the cost** offered by the hotels and resorts for the comparable space and amenities.
